

Instructions for making your Quaranzine.

Start by printing your zine single sided on A4 paper.

01 Place the front and back cover on top. Under the covers have page 1 and 14, under that page 2 and 13 etc.

02 Fold your pages in half. Run a ruler along the crease to make it extra sharp.

03 Get an elastic band and run it down the seam of the zine. Hairpins, string, tape and even a hard fold will also work.

04 You're ready to crack on with your Quaranzine sketchbook!

Don't worry we'll still have a launch party

We're just not entirely sure when, or where but they'll only work if you colour them in.

So we picked a difficult time to rebrand...

But rather than getting down we thought we would make a fantastically creative, collaborative zine for our friends, (children and pets can have a go too).

We hope this brings a smile to your face and helps pass a little time.
